There are many websites for haberdashery.

When looking for water soluble marker pens if there are options opt for the fine. Do not get ones that vanish or fade or that require a hot iron. They should disappear in water. Do not be misled by the term 'washable' as this may mean it will not wash out at all. Regards cheaper children's felt tip pens, one make has proved OK, but still make tests on the fabric you are working on Crayola Ultra-Clean Washable Markers, Fine Line.
